

Project Summary

Lindum provide a term planned and reactive maintenance service for Lincolnshire NHS for joinery, building, plumbing and electrical repairs to properties based throughout Lincolnshire, 24/7, 365.

Works generally involve minor repairs to doors and windows, repairing and replacing locks, installing shelves and other day-to-day joinery requirements. Heating, water supplies and lighting are the specialist trades that we accommodate. Externally minor landscaping and guttering works are carried out.

We complete approximately 15 responsive maintenance requests per week throughout Lincolnshire and we pride ourselves in providing an efficient and highly reliable service.
